Hi, Hello and

Welcome!

When it comes to fun, action and great adventures for kids within the Ötztal, I am the ultimate expert!

Once again we offer an exciting summer activity program boasting many adventures: pirate rafting for kids, climbing in the high rope park, canyoning, baking bread, llama trekking, treasure hunting on robbers trails! What's best – whenever I can I'll accompany you!

In winter the Tabaluga Ski Schools are the first address for novice skiers and snowboarders. They provide you with plenty of tips and tricks. The Tabaluga Family Hotels offer everything a little dragon's heart could possibly desire for memorable holidays.

Are you ready for dragon-like adventures amid Ötztal's Tabaluga Land? Pack your bags and join us in the Ötztal!

See you soon...

CYCLING TOURS FOR KIDS

At www.oetztal.com/tabaluga you find plenty of leisure tips and breathtaking cycle routes for unlimited pedaling fun with your parents. Or contact the local information offices of Ötztal Tourismus.

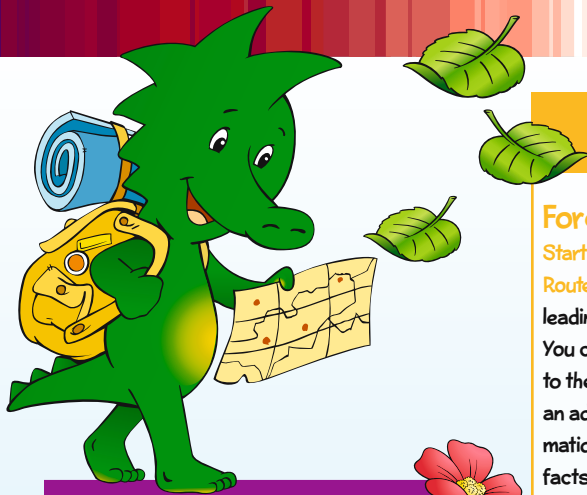

Tabaluga's Tip:

HIKING WITH YOUR FAMILY

Are you quite curious? Let's discover nature treasures together with your family! Many exciting things and highlights are waiting for you.

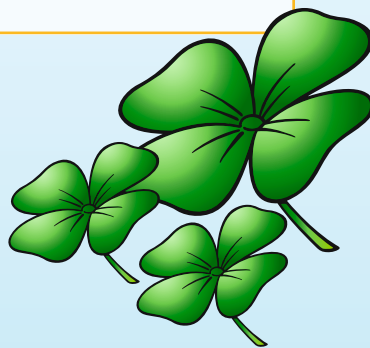

Vent

Feldkögele

Starting point/end: Vent-Feldkögele

Route: Beautiful walking trail through the forest. At the end of the trail you find a lovely mountain lake where the kids love to play, build dams and watch the rare black Alpine salamander amid unspoilt nature. A perfect place for hide and seek! No serviced rest stop available.

Walking time: approx. 1 hr

Obergurgl

Forest & Meadows

Starting point: Obergurgl Zentrum/Piccardsaal

Route: First you head towards Ramolweg trail leading past Pension Alpenblick to the meadows. You continue to Davids Hütte inn and further on to the Stone Pine Forest. The Stone Pine Trail is an adventurous circuit route with numerous information plates describing the area's naturalistic facts. Descend down to the Ötztaler Ache river and cross the wonderful, timber-framed bridge. You return to Obergurgl along the gravel trail across the Stone Pine Forest. Rest stop: Davids Hütte.

Walking time: approx. 2.5 hrs

Sölden

Sölden Loop Trail

Starting point: Base terminal of chair lift to Hochsölden

Route: Uphill ride with the chair lift to Hochsölden. Short walk to the large playground and petting zoo at the Sonnblick inn. Further on to Gampe Thaya hut. Rest stop at the playground offering fantastic views of the mountains! On foot to the Gaislachkoglbahn middle station and down to Sölden with the mountain gondola.

Walking time: approx. 2.5 hrs

Längenfeld

Through the Fairytale Forest to Lake Winkelbergsee

Starting point/end: Winklen

Route: From Winklen (bus stop) you follow the Geological Trail - Animal Trail - Fairytale Trail towards lake Winkelbergsee. The easy trail is slightly rising. A number of authentic forest animals and detailed descriptions are placed along this scenic route. A small witch house is one of the highlights on the way down to the idyllic Winkelbergsee lake where you also find a Water Park with little mill wheels, a stone path leading through the water, an a wonderful lookout point perfect for some short climbing adventures. You return along the footpath which soon leads into the trail down to Winklen. No serviced rest stop available.

Walking time: approx. 3 hrs

Sautens

House of the 7 Dwarfs

Starting point: Sautens Information office

Route: Past the church in Haiming and the Café Alpenland, you follow the meadow trail towards the forest (this is a toboggan run in winter). At the edge of the forest you turn left and after approx. 150 m right. After a few meters you will discover the foundation walls of the 7 Dwarfs' House to the right. And if you proceed for a bit you reach a secret cave, the mystic Knappenloch where the dwarfs used to work as ore miners. But don't dare to walk into the cave as the stones may break off. It's much too dangerous! Maybe you have a small spade, hammer or bucket with you. And with a bit of luck you can take a glance at one of the dwarfs who hide behind the trees. Rest stop: local inns in Sautens. Playground: in the village center (above the parish church).

Walking time: approx. 45 min

Haiming

Pirates on the River Inn at the Suspension Bridge

Starting point: Haiming Information office

Route: Follow the old federal road on the left and cross the Magerbach bridge to the right. Then turn left and follow the rising road. After approx. 500 m you turn left towards the river shore where you can admire sporty rafters. A forest trail takes you on the Inn's shores to Schlierenzau and the suspension bridge which still belongs to the Pirates of the River Inn. Crossing this bridge is a truly unique adventure - especially if you look down to the rushing waters and waves. If you are hungry and thirsty you are strongly recommended to take a rest at Günters Grill in Ötztal Bahnhof, which is a short detour (follow the signs). If you bring your own snack you better follow the signposts towards Riedern. On the way to Riedern you can choose from many lovely resting places with benches. Haiming is within easy walking distance from here. **Walking time:** approx. 3 hr

Niederthai

Petting Zoo - Larstig Alm Hut

Starting point/end: Car park at Niederthai Information office

Route: You can choose from three different routes. The main, gently rising trail leads along the Horlachbach brook. A second path travels across the Grastalferd area: first you pass the Falknerhof and continue along the quite steep trail to the Fairytale Forest and the deer feeding area. With a bit of luck you can watch a deer or chamois! The third option is a very sunny trail across the alpine pastures with a great panoramic view of Niederthai. All three trails meet at 300 m before you get to the Larstig Alm hut. Playground: Small playground and petting zoo with little goats, sheep and Stripsel, the pony, next to Larstig Alm. Rest stop: Larstig Alm.

Walking time: approx. 2.5 hr

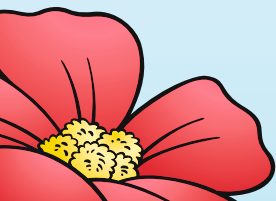

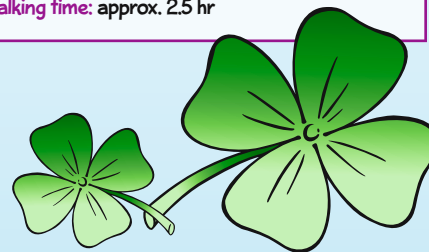

Oetz

Piburger Lake Worm

Starting point/end: Oetz Information office

Route: In the village center you turn left at the M-Preis supermarket. Follow the road and cross the bridge. Head to the left at the carpentry, pass the children's playground and walk along the broad forest trail (Elsinger Weg) up to lake Piburgersee. This lovely mountain lake is perfect to take a refreshing swim or to enjoy a lakeside walk before you return to Oetz. TIP: Rowing boats can be rented at the lakeside swimming center - follow the tracks of the "Piburger Lake Worm" together with your family. Rest stops: Restaurant Achstüberl, Piburgersee swimming bath, Seehäusl.

Walking time: approx. 2.5 hr

Ochsengarten

Little Men in the Forest

Starting point: Sattelle (crossing point between Haiming and Ochsengarten)

Route: From the Sattelle car park (panorama board) you follow the forest trail to Marlstein. Watch out for the little men in the woods! They can hide everywhere as they are really tiny. The little men in the forest wear clothes made of green moss. They love fresh fruit and berries. But they are very shy. At the end of the trail many other little friends await you at Gasthof Marlstein in the petting zoo: a horse, a pony, ducks, little pigs, sheep, goats and rabbits. Play with them and feed them if they are hungry. If you are looking for even more adventures you should continue walking on to Almhof Mareil which features a trout pond, a children's playground and many farm animals.

Rest stops: Gasthof Marlstein and Almhof Mareil.

Walking time: approx. 1.5 hr

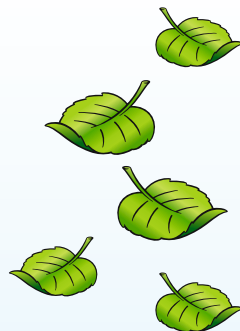

Niederthai

Visit Tabaluga's House amid Tauferberg Forest

Starting point/end: Car park next to the football field

Route: Follow the road towards Wolfsegg lift. After approx. 100 m you turn into the forest trail to the left, heading into Tauferberg forest. Crossing the Fairytale Forest, you walk uphill past caves until you get to Wolfsegg lift. On the left you see "Tabaluga's House". Maybe he is at home? After a couple of meters you reach a bench ideal for some relaxing moments while enjoying a snack and drink. The slightly rising trail continues on the left until you reach its highest point – Seebichl area, offering stunning views of the Ötztal. Also visit Happy's House, she is Tabaluga's best friend. Follow the steeply ascending path to lake Mausler See where ducks and fish await you. A nice forest trail takes you back to Niederthai.

Walking time: approx. 2.5 hr

Vent

Rofen

Starting point: Vent - Rofenhöfe Farms

Route: From Vent you take the broad hiking trail to the Rofenhöfe mountain farms. The entire path is traffic-free. On your way up you discover many little brooks, build dams and splash around in the refreshing water. With a bit of luck you can watch Hafinger foals on the meadows. At the end of the trail you find 2 small lakes with little frogs and tadpoles, a perfect place for a short break. Before reaching the Rofenhöfe farmhouses you cross the great suspension bridge over the Ache river. Rest stops: Rofenhöfe inns.

Walking time: approx. 1.5 hr
