

## **WIDIVERSUM HOCHOETZ:**

### **Adventure Land with a New Attraction**

**The magnificent WIDIVERSUM HOCHOETZ offers unlimited fun and action for young and old summer vacationers at 2000 meters above sea level. A brand-new highlight has been added to the 17 already existing activity and quiz stations surrounding the water reservoir.**

Comprising an area of 3000 m<sup>2</sup> amidst the breathtaking Alpine scenery of the lower Ötztal Valley, you'll find a true Adventure Paradise for young guests. Fun-packed interactive stations and the lovely mascot WIDI, a genuine local mountain sheep, provide made to measure activities and entertainment for children amid nature. A new Giant Pinball will be added to the already existing attractions this summer. The huge wooden construction covers a total length of 35 meters - a true highlight for visitors of all ages. Several children or adults must take part in the pinball game by enhancing teamwork and interpersonal skills. The pinball game was developed by child experts and psychologists to ensure a high learning effect. Additionally, new shady areas and seating units in the Park promise a great summer day out with all the family. Most of the activity stations are built by local craftsmen using solid Tirolean wood. Also the WIDI Bistro will open its doors for the first time. Located right in the WIDIVERSUM park and play area, it offers refreshing drinks, snacks and ice cream - just perfect for enjoying a break in between the activity stations. Also in 2018, new attractions will be added to the Adventure Land in order to confirm this superb Alpine area as an unrivaled family holiday destination.

#### **Knowledge and Fun in the Mountains**

Educational games and creative stations like the Milk Jug Xylophone, the Splish-Splash Pond or the Spinning Wheel Diving Station invite children to enjoy games among friends. The activity stations also provide an insight into local handicrafts and special features of the region in a playful way. In the Woolen Play Forest, for example, little explorers get to know everything about sheep's wool - from the raw material to its processing in the weaving loom. Thanks to the Hornophone you can learn the typical Ötztal Dialect while in the Enchanted Ravine little nature fans can take a closer look at the Alpine mountain world.

### **Easily accessible Showcase Project**

Holders of a valid Bergbahnen Oetz mountain lift ticket (attractive rates!), Tirol Regio Card or all-inclusive Ötztal Card holders enjoy free admission to the WIDIVERSUM HOCHOETZ all summer long. This unique showcase project in Oetz is officially supported by Ötztal Tourismus, the Department of Agriculture and Forestry, Environmental Economics and Water Supply, the Province of Tirol and the European Union.

### **Free Admission to the Oetz Outdoor Pool**

Besides the splendid WIDIVERSUM HOCHOETZ the lower Ötztal Valley has many more attractions for families and young guests. Especially on hot summer days, the landscaped Oetz outdoor pool promises refreshing moments - plus water slide, air jets, water fountains, paddling pool and mushroom-shaped fountain. Boredom is unknown in summery Oetz. A valid Acherkogel mountain gondola ticket (return ride) also includes a visit to the WIDIVERSUM HOCHOETZ and the Oetz outdoor pool on the same day.

### **The Family Festival of WIDIVERSUM HOCHOETZ takes place on 02 July 2017.**
